(05) — WORK EXPERIENCE

2022 → Present

Where fashion meets code.

Frontend Developer

May 2023 – Present

KEDOS SRL — PARMA, ITALY

- **Angular Front-end Architecture:** Designing and building high-performance web applications with a focus on clean, scalable code and UI performance.
- **UX Engineering with Figma:** Bridging design and code by turning custom Figma prototypes into fully functional, production-ready components.
- **B2B & ERP Management Systems:** Developing complex enterprise software, managing the entire lifecycle from SQL architecture and Java backend logic to the final User Experience (UX).
- **Technical Consulting:** Providing strategic consulting for external clients, executing critical bug fixes, and delivering features across Angular, Ext JS, and jQuery.
- **DevOps & Cloud:** Managing application workflows using Docker containers and deployment in AWS cloud environments.

Junior Frontend Developer

Nov 2022 – May 2023

KEDOS SRL — PARMA, ITALY · INTERN

- **Responsive Layouts:** Built accessible, responsive web interfaces using HTML, CSS, and Bootstrap with cross-browser consistency.
- **Agile Collaboration:** Worked alongside senior engineers to ship client-facing features using Angular and JavaScript.

Junior Full-Stack Developer

Jun 2022 – Jul 2022

E-PROJECT SRL — PARMA, ITALY · INTERN

- **End-to-End Development:** Designed and built a custom internal web app from scratch to automate office coffee logs and payments.
- **Payment & Backend Integration:** Integrated PayPal API for secure checkout, using ASP.NET MVC for backend logic and SQL for data storage.
